MEMORANDUM FOR: Acting Director of Central Intelligence

FROM: Harry E. Fitzwater
Deputy Director for Administration

SUBJECT: Current Directorate of Administration Activities

1. The Agency's major relay facility [redacted] was without power for nearly three hours on 12 August 1981 during a scheduled power outage. The outage was required in order to make repairs to the Uninterrupted Power System which had failed the previous week. During the outage, alternate routing scenarios were invoked and there were no significant delays in the delivery of high precedence cables. [redacted] A9c4.1
